CRAFTING PURE FOOD PROCESSING SOLUTIONS

*A Proud Member
of the **FPS Family***

ABOUT TOTAL SOLUTIONS LTD.

Based in New Zealand, Total Solutions Ltd. is proud to be part of FPS Food Process Solutions, a Canadian based global leader in turn key food freezing and cooling equipment. Together we can provide clients with end to end food processing solutions.

We place the utmost level of priority on solid relationships with our clients. This partnership approach means we listen, collaborate and always focus on solving our clients problems.

Primarily, our company specializes in servicing the food industry with spirited ingenuity, sound engineering practices and the ultimate in hygienic design.

Our in house team of skilled professionals is capable of handling a wide array of multi level industry projects that include mechanical and electrical design, manufacturing, fabrication and installation.

No matter the scope or scale of a project, our experienced staff are committed to consistently providing reliable solutions at competitive rates that will exceed your expectations.

What We Do:

- Design, manufacture, install, and commission projects
- Conveyor installations
- Production line upgrades, refurbishments and relocations
- Equipment processing
- Material handling equipment
- Equipment overhaul, refurbishment and servicing
- Project management
- Plant and equipment maintenance
- Siat & 3M carton sealer and stretch wrapper sales and service
- Ygen case sealing and packaging solutions
- Quality fabrication-stainless steel, aluminum, mild steel
- Architectural steel work

WITH A FOCUS ON HYGIENIC FOOD PROCESSING EQUIPMENT WE CAN ENSURE THE SAFETY & QUALITY OF YOUR FOOD PRODUCTS

TOTE HANDLING SYSTEMS

We offer a wide range of tote, bin and barrel dumper, washers, and handling systems. From single stage and two stage tote dumpers to barrel and bin dumpers of different sizes to tote washing and elaborate tote handling systems. We can provide you with a wide range of solutions to conveyor, index, lift, dump, stack, and manipulate totes, bins, lugs, pans and barrels of all sizes.

SANITARY SPIRALS

We offer the latest in direct food contact washdown ready spiral technologies, both Direct Drive Spirals and Side Drive Technology Spirals. Applications solutions include hygienic elevators and lowerators transferring to and from FPS freezers, long running conveyors that eliminate transfer points, and non-traditional spiral configurations that overcome layout challenges.

Backed by our parent company FPS, the industry leader for spiral innovation and hygienic standards, and Intralox, the global giant in conveyor belting, we deliver innovative food processing spiral solutions for the food processing industry.

HYGIENIC CONVEYING SOLUTIONS

We partner with many leading belt, drive, and bearing manufacturers to deliver best in class results for belt, auger, pneumatic, and vibratory conveyance solutions. From raw receiving to processing to frozen packaging and box line applications, we have solutions for all areas of today's modern food processing plants. All our designs utilize 304 stainless steel and food grade plastics.
